Advisory Issued by UNDSS

The only demonstration expected in the EAA is on the 5th February, which will be officially observed as “Kashmir Solidarity Day”. Political, social and religious groups will hold public meetings, seminars and peaceful demonstrations to highlight the Kashmir issue.

During the demonstration, the participants will march to UNMOGIP office to present a petition. Also, at the Kohala Bridge, which is the boundary between Pakistan and Kashmir, a symbolic human chain will be formed by Pakistanis on the one side linked to another chain formed by Kashmiris on the Kashmir side of the bridge. Kashmir Prime Minister will likely attend and Pakistan Prime Minister is expected to address the human chain afterwards.

The demonstration and other events are expected to be peaceful. However, travel to Muzaffarabad should be avoided on the above day; the road around the Kohala bridge is narrow and will not be accessible during this occasion.
